Student Interns Trained and/or Placed

# 58

# 100%

After their internship, students reported an increase in their knowledge about the career their internship was related to.

### The value of experience...

*"At the end of the day, it's more than giving patients what they need to recover; it's having empathy, showing kindness, and having a relationship with every person you help treat." – Kayla, a Kahuku High & Intermediate School student intern at Kahuku Medical Center*

Hawaii Workforce Pipeline is partnered with the Windward Academy for Career and Technical Education and funded through grants from the Kamehameha Schools, the Bow Yee Tong Club, and the Harold K. L. Castle Foundation.
