

Windward Academy
FOR CAREER AND TECHNICAL EDUCATION

Windward CTE Intermediary

Goal and Purpose of the Intermediary

The goal of the Intermediary is to provide college and career connections for our K-12 students. Through this action of linking our students and teachers with industry and academic partners, our Windward Oahu schools will be well-positioned to establish a sustainable, best-fit talent pipeline. Please see page two for opportunities.

Mahalo to our partners!

The Windward CTE Intermediary works directly with the Windward Academy for Career and Technical Education. Intermediary support is provided by Hawaii Workforce Pipeline, a nonprofit organization. Intermediary support is funded by the Harold K. L. Castle Foundation and Kamehameha Schools.
